

EASTER TAGS

craft activity

1. Ask the children what Easter means to them and ask them to draw or write (with some help) what they come up with onto the Wood Tags. They can use markers, oil pastels, glitter, pencils and paint.
2. Then using the beads and included elastic to attach some beads to their creation. Will they make a gift tag, a bracelet, something to hang, or a key chain? Let them decide where their creation will go. Maybe they can make a special gift to leave on their door handle for the Easter Bunny.
