

VASE WITH HAND-MADE FLOWERS

craft activity

1. Use the markers to create your own unique pattern on the vase of your choice.

2. Choose a coloured circle and fold in half.

3. Fold it in half again so you have a quarter circle. Use a hole punch to make a hole at the bottom.

4. Thread your chenille stem through to make the stem of flower.

5. There are many other ways you could try to make a flower, just try folding it in different ways to see what you come up with. Or just use the stems for a different look.

6. Place in the vase - fit as many or as few as you like.
