

MAKE DAD & ME WOODEN PEOPLE

craft activity

There are a number of ways children could decorate these wooden people including colouring them using crayons or markers, or dressing them up with felt clothes. In this activity we'll cover the latter, but feel free to choose the tools that best suit your desired outcomes.

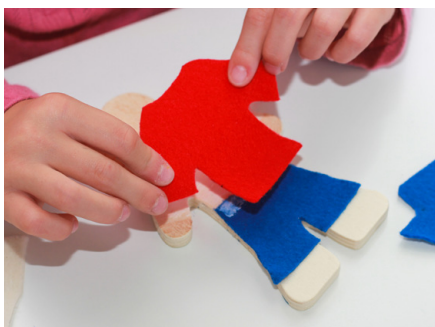

1. Choose your wooden person and select one or many skin colour crayons to colour the areas that clothes won't cover.

2. Choose some felt and trace around the wooden person to give yourself a guide for cutting. You could make a shirt, pants, shoes etc.

3. Cut along the lines and amend as needed to fit the desired area.

4. Use glue to adhere the clothing to the wooden figure.

5. Glue on the eyes.

6. Add any additional details like facial features and hair (you can cut pieces of twine or felt to glue on the head for hair).

What you'll need:

Wooden Person Small
Pack of 10
CSWP302

Wooden Person Large
Pack of 10
CSWP303

Crayola Colours Of The
World Crayons Pack of 24
C520108

Crayola 48 Large
Crayon Deskpack
C522048

Felt Squares Asstd
22.5x30cm Pk24
