

CHRISTMAS BAUBLES

craft activity

1. Choose which paper you will use to decorate the inside and cut a circle shape from it slightly smaller than the outer circle of the Cardboard Ring. You can do this by tracing around the outer edge onto your paper.

2. Then cut about 5mm inside the circle. Put aside for later steps.

3. Take two of the Cardboard Rings. Paint PVA Glue onto one side of each ring.

4. Fill a paper plate with glitter. Turn each ring glue side down and place into the glitter ensuring to cover the full surface. Set aside to dry. (Another option is to sprinkle the glitter on).

5. Add glue to the non-glitter side of both of your Cardboard rings.

6. Place the inside circle onto one of the Cardboard rings and top with the second cardboard ring. Press and hold together.

7. Punch a hole in the top with the hole punch and thread a tinsel stem or some string for hanging.

Note: Not all hole punches will be strong enough to get through the two layers of card (ours wasn't), so we punched the hole in the inside piece which worked perfectly.
