

Ultra Child Care

Machine Wash

FEATURE SUMMARY

DISHWASHING MACHINE DETERGENT

- Non-hazardous, non-dangerous, non-flammable
- Highly concentrated
- Built-in sanitiser
- Softens water
- Designed for use in automatic feed systems
- Economical
- Australian made & owned

PRODUCT DESCRIPTION:

Ultra Child Care has been formulated to meet the exacting requirements of the Child and Health Care Industries. It delivers effective cleaning and sanitation without the use of harsh caustics or chlorine. This minimises potential damage to wash ware and reduces significant health risks posed by incorrect use.

KEY FEATURES:

- Accelerates washing: effectively removes material quickly, leaving surfaces clean and streak-free.
- Softens water: neutralises and removes scale build-up and deposits, leaving a cleaner machine and delivering a cleaner wash finish.
- Built-in sanitiser ensures wash items are free from contamination and germs.
- Safe: in transport, for users and the environment - providing peace of mind for compliance and social requirements
- Highly economical concentrate, approximately 1.4mL per litre of water

DIRECTIONS FOR USE:

Automatic dispensing equipment:

Set dose to 1-4mL per litre of water. Concentration required will vary, depending on machine model and load weight dilution in the cleaning solution tank during the washing cycle program.

Do not add product to machine manually, or use for manual dishwashing.

PACK SIZE:

5L (CTN 3), 15L

Issue date: May 2023
