

BEADED JEWELLERY

craft activity

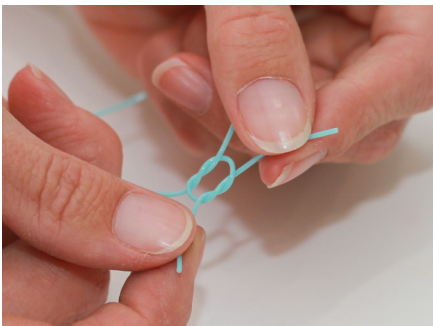

1. What will you make?
A bracelet, a necklace, a keyring? Decide on that first then cut the string to size. Be sure to allow a little extra for tying.

2. Choose your beads and start threading. You might like to lay out the beads first to organise your pattern and then begin to thread.

3. You might like to write on or decorate the beads with markers - just the natural timber ones will work.

4. Once you're finished ask an adult to tie the ends together to secure your creation. We did 4 knots to be sure.

What you'll need:

Beads Wooden Natural
Assorted Pk92
BEADNAT

Beads Wooden Tub
575g
BEADWTUB575

Spaghetti String
1mmx60m Pale Blue
SKSGHETTIPB

Crayola 40 Super Tips
Deskpack
C588240
